Click **Display** to show the data at the respective level.

The quantity of delivered goods can be confirmed or corrected.

If the quantity position is "0", then a value must be entered. Deleting the incoming data is not permissible!

Clicking the **Back to the list** button opens an overview (Search for deliveries to a third party (303)) without the data being saved.

As soon as all information is entered correctly in its entirety, the data can be transferred.

Click the **Save** button to save and transfer the edited data. You are then forwarded automatically to the overview (Search for deliveries to a third party (303)).

Note:

After confirming the data, they will be shown for a period of 14 days.

Note for metal management:

If the further processing of a consignment cannot be completed, checking the box to the left of the respective delivery note resets the delivery note.

The unprocessed delivery notes appear in the overview "Search for deliveries to a third party" with the status "unconfirmed".
