What is behind the info area?

Info ▶ **System** ▶ **Contact** ▶ **Help**
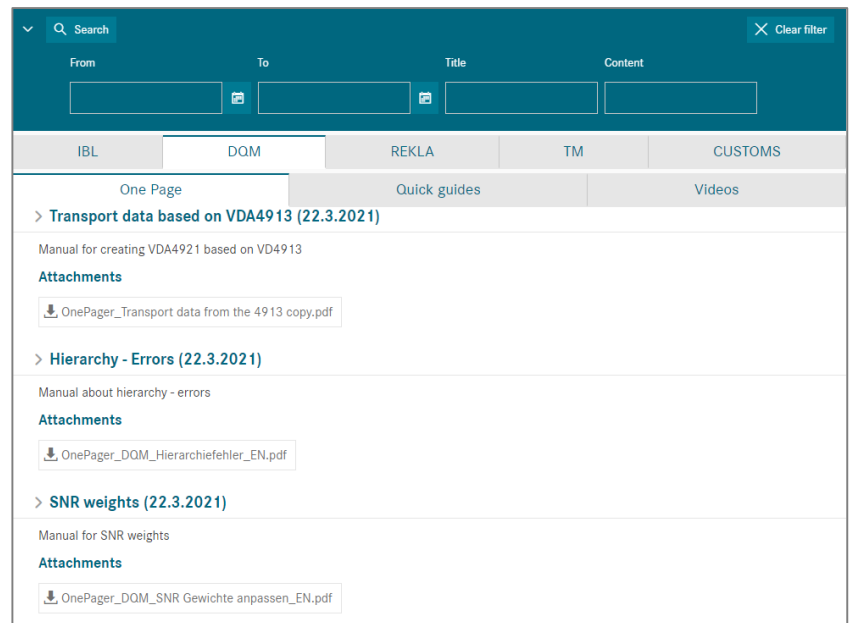

Step 1: **Clicking on the info link** will take you to the info area.

Here you can search for news from the available applications within the areas

- One Pager
- Quick guides
- Videos

Step 2:
The info area is made up of tabs that contain descriptions, images or videos for each application.

Within the tabs you can search by publication date and/or title and content.

> **Transport data based on VDA4913 (22.3.2021)**

Manual for creating VDA4921 based on VD4913

Attachments

⬇ OnePager_Transport data from the 4913 copy.pdf

> **Hierarchy - Errors (22.3.2021)**

Manual about hierarchy - errors

Attachments

⬇ OnePager_DQM_Hierarchiefehler_EN.pdf

> **SNR weights (22.3.2021)**

Manual for SNR weights

Attachments

⬇ OnePager_DQM_SNR Gewichte anpassen_EN.pdf

Q Search

The search is performed by **clicking the button**.

In the search results, sorted by the publication date for each title

- Title
- short information about the content and
- Attachment

> **Transport data based on VDA4913 (22.3.2021)**

Manual for creating VDA4921 based on VD4913

Attachments

⬇ OnePager_Transport data from the 4913 copy.pdf

are displayed. By clicking on the title, these details can be shown or hidden.

Click on the attachment to open it.

Step 3: The info area is closed by clicking **X** to close the window.

- In addition to the online help, the **info area** provides an information platform for topics from all IBL applications.

- The user also receives notices of new releases via **News** on the applications' home page.
